The BK Foundation is in need of Volunteers to help our Non Profit grow to its potential. We have many opportunities available. We can provide the needed hours required for school programs as well. This is a great opportunity for you to learn from the ground up and become a part of the foundation in the future when we are in the hiring process. We will look to hire those qualified individuals that dedicated their time in learning and starting with us from the beginning. We will interview and go through a screening process for all individuals. Due to the nature of the facility and the individuals you will be working with, You must clear a back ground check as well as health screen and drug testing.
